

# Premium Cleaning Solutions

nextzett

[www.nextzett.de](http://www.nextzett.de)

nextzett was founded 2015 by former employees of einzsett, a company with a long history (1936 – 2015) in manufacturing car care products and other chemical articles. Base of nextzett is Wiehl, Germany not far from Cologne where einzsett was founded. So manufacturing will return to its roots with production moving back to “Made in Germany”.

nextzett is the next generation of einzsett products. To learn what you can expect, you only need to look at our new logo. The blue arrow represents innovation and where we are going “next” while referencing water, the substance which is mixed in with the majority of our products and is our earth's most precious natural resource.

The green leaf points towards the ecological and sustainable direction of our brand's philosophy. It represents our environmental awareness and responsibility. This is the direction where we will continue to strive towards.

The brand name might change, but the products you have come to know and rely on will stay true for the very reasons our customers have trusted einzsett for so many years. nextzett exists because of the very customers that have supported us over the years and for that reason alone, we make a promise to keep your trust and faithfulness to our brand.

We are excited to start this new chapter, how about you?

## Anti Insect Bug + Sap Remover

Concentrated for effortless and protective removal of insects and midges from paintwork, chrome, glass, rubber and plastic. Removes dead insects with its unique solvent properties. Does not contain enzymes and is therefore particularly gentle on skin. Biodegradable.

500 ml 91391215

## Auto Gloss Car Wash Shampoo

A highly concentrated, gloss enhancing, professional hand wash car wash shampoo that cleans road grime, tree sap and other pollutants without the use of aggressive detergents that can leave spotting or residue behind. Leaves a high gloss shine for a wax-like finish. Biodegradable, phosphate-free and safe for use in areas where food is prepared, stored or sold. Exceeds detergent act regulations with regard to sewage emissions.

1000 ml 91116015

## Perls Shampoo Wash & Wax Rainsdance

Concentrated shampoo for an effortless foam wash which seals in the shine. It cleans quickly and thoroughly like a shampoo, polymers provides durable protection against environmental influences and weathering by sealing in the shine and creating a deep, visible, long-lasting sheen. Instant beading after rinsing reveals the sealed-in mirror shine.

500 ml 98140515

## Wheel Cleaner

Special intensive cleaner for all painted light alloy and steel wheels. Protective cleaning formula. Effortless application. Even brake dust pitting, grease and oil grime will be completely removed. Restores it to a like-new condition. Silicone-free.

500 ml 97071215

## Wheel Cleaner Colortec

Acid-free rim cleaner, highly efficient for cleaning all types of rims. Actively removes even tough dirt and brake residue without additional rework. Gently cleans without damaging the surface. Safe application is simplified by a colour change effectiveness indicator.

500 ml 97000515

## Wheel + Engine Cleaner

A non-acidic, non-lye wheel cleaner gently yet effectively cleans all types of wheels including those with sensitive finishes. Removes brake dust, road grime and brake pitting preventing wheel finishes from becoming dull. Will not discolor anodized aluminum brake callipers. Biodegradable.

500 ml 97211015

## Industry Cleaner W99

Very effective and highly concentrated cleaning agent for removing tough oil stains, plant and animal encrustation, old wax and epoxy coatings, proteins, sugar as well as carbonized residues. It is meant for use in car workshops, industrial plants, freight-forwarding agencies, swimming pools, factory rooms or on vehicles and working equipment in the food industry. It is ideal for surfaces such as tiles, plastics, paints and tarpaulins.

1000 ml 90140515

# Pre-Wash | Wash | Wheel

## Plastic Deep Cleaner

Gentle, two-phase cleaner with intensive grime removal. Cleans and removes rubber scuff marks, tar, bitumen and nicotine thoroughly and effortlessly with dust-resistant anti-static action and a brightening effect. For plastic awnings, car seats, the dashboard, storage compartments and side components. Biodegradable. Environmentally safe.

500 ml 92441015

## Cockpit Classic

Oil and grease-free care for interiors. Anti-static and dust resistant. Adds a satin finish and a fresh fragrance to the car interior. Counteracts smoke and other odors with its odor neutralizer. Even at high temperatures, its thermo-stable action protects the product against break-down.

300 ml 92010815

## Cockpit Lemon

Similar action to that of Cockpit Antistatic, but also has a wonderful citrus fragrance which not only neutralizes odors and counteracts smoke odors, it also leaves a pleasant, long-lasting fresh citrus fragrance.

300 ml 92050815

## Blitz All-Purpose Cleaner

Low-phosphate, highly concentrated cleaner for protective care of all types of surface. Cleans many articles such as imitation leather, plastic, glass, tiles, ceramic products etc. Also effective in hard water if an anti-limescale product is added. Produces a streak-free shine without bubbling. Environmentally safe and bio-degradable.

1000 ml 90010515

## Leather Care

Cleans, conditions, and protects to maintain the natural look and feel of all your automotive leather trim and furniture. Removes grime build-up that can deteriorate leather over time. Prevents leather from drying and becoming brittle using conditioners and UV protectants. Restores dry leather to its original suppleness. Leaves a clean, non-greasy finish with a pleasant lavender and sandalwood scent. Does not harm stitching or clog perforated leather. Use on interior car fittings, motorcycle cladding, handbags, boots and furniture. Not for use on suede or un-coated (unfinished) leather.

250 ml 92480515

## Universal Cleaner + Smoke Ex

This all-purpose cleaner thoroughly removes grease, stains nicotine and incrustations of all kinds. Odours are not just disguised. The causes of the odours are removed organically all that remains is a pleasant, long-lasting fragrance. The all-purpose cleaner is particularly suitable for: imitation leather, plastic, glass, textiles, cotton fibres, tiles, ceramics, enamel, painted surfaces, concrete floors, walls, wooden doors, etc.

500 ml 90201215

## Kristallklar Premium

Highly concentrated cleaner for the windshield washer unit. Removes oil, grease, silicone, wax, insects, dangerous glare filming and environmental grime from front and rear windscreens in seconds. Eliminates wiper blade rattles and squeaks. Lubricants reduces wear and tear. Environmentally safe and biodegradable. With measuring dispenser for optimum dispensing. Phosphate-free. Suitable for plastic headlight lenses.

250 ml 92100815

## Cockpit Premium

Cleans and protects in a single step with anti-static action. All plastic interior components remain matte. Also suitable for cleaning other smooth surfaces made of glass, plastic or painted metal - also for household use.

500 ml 92470515

## Windscreen Clear

Special cleaner for all types of glass and windscreens and for enameled and smooth surfaces in the kitchen area. Reliable, streak-free and fast in removing dirt, grease, wax and silicone. Strong action. Will not harm paintwork, chrome or rubber. Suitable for plastic headlight lenses.

500 ml 92141215

# Interior | Glass | Maintenance

### No 1 Clean & Polish

As part of our 3 Step Paint Finish Systeme, which is formulated to produce a deep gloss finish when applied with a polishing machine such as a dual action (DA) polisher, No. 1 Clean & Polish removes stubborn oxidation, fine scratches and swirl marks from the paint finish to reveal a high gloss finish. Can also be applied by hand. Follow up with No. 2 One Step Polish and No. 3 Polish & Wax for a professional showroom finish. Ideal for all paint colors and finishes.

250 ml	931100515
1000 ml	931101015

### No 2 One Step Polish

As part of our 3 Step Paint Finish Systeme, which is formulated to produce a deep gloss finish when applied with a polishing machine such as a dual action (DA) polisher, No. 2 One Step Polish reduces very fine swirl marks, paint imperfections, haze and road grime that accumulate over the course of time. Protects the paint finish with a protective layer of carnauba wax. Leaves a high gloss finish. Can also be applied by hand. Follow up with No. 3 Polish & Wax for a professional showroom finish. Ideal for all paint colors and finishes.

250 ml	93110515
1000 ml	93111015

### No 3 Polish & Wax

As part of our 3 Step Paint Finish Systeme, which is formulated to produce a deep gloss finish when applied with a polishing machine such as a dual action (DA) polisher, No. 3 Polish & Wax removes haziness and road grime that accumulate over the course of time while adding a protective layer of carnauba and polymer wax. The result is a high gloss showcar finish. Can also be applied by hand. Ideal for all paint colors and finishes.

250 ml	93120515
1000 ml	93121015

### No 4 Hartglanz

Formulated from the latest in polymer synthetic waxes for long-lasting protection. Hartglanz achieves an exceptional deep gloss finish while providing your paint finish with the best in protection from the elements including sap, UV rays, road and ocean airborne salt and pollution. Makes dark finishes incredibly deep and makes metallic flakes appear to jump off the finish. You'll find application to be effortless. Does not stain trim or leave a powdery residue. Highly resistant to washing and rain for months of protection. To achieve the best results, apply after polishing paint with one of our nextzett polishes.

250 ml	93020515
1000 ml	93021015

# Polish

## Express Polish

Special care polish for all as new paintwork. Cleans thoroughly, protects paintwork and provides long-term protection in a single operation. Particularly gentle surface action. Easy and convenient to apply. Special silicone ensures a long-lasting shine. Use to pre-treat dull, weathered metallic paintwork with no clear coat. Suitable for use in machines. Contains silicone.

1000 ml 93151015

## KIP Intensive Plastic Care

For the exterior. Special matte gloss care for plastic and rubber components such as fenders, spoilers, tires, trims etc. Restores them to their original shade. The product is UV-resistant and completely water-repellent.

1000 ml 91471015

## Vinyl Rubber Extra

Highly effective treatment for plastic, vinyl and rubber surfaces such as tires, unpainted plastic trim and tonneau covers with extra lasting protection. Protects surfaces from fading and restores faded surfaces to like-new condition. Cleans light dirt while deep penetrating conditioning oils recondition to prevent drying and cracking due to the effects of heat, sun, weather and pollution. Restores color to faded surfaces and applies a weather-resistant seal that protects against UV rays which causes fading. Provides a low-shine, water-resistant and dust-resistant finish.

500 ml 97261215

## Tire Gloss Brilliant

Makes your tires look like new with a lasting high gloss. In addition to multifunctional synthetic compounds, the product contains high-performance polymers with a long-term effect, not only for outstanding care but also with a protective function.

500 ml 97301015

## Rubber Treatment Balsam

Matte gloss protection for all rubber components, spoilers, plastic fenders, car tires, etc. Restores depth of colour and protects against crazing. Keeps door seals supple. Weather-resistant protective shield, UV-resistant.

300 ml 97020515

## Tire Foam

With its optimum UV and ozone protection, Tire Foam cleans, cares and protects. Prevents cracking, premature bleaching and brittleness in the side walls. Does not attack rubber or paintwork. Anti-static and solvent-resistant. Gives your tires a silk matte finish and prevents re-soiling.

500 ml 97291015

## Gummi Pflege Stick

Conditions rubber weather seals around car doors, windows and trunk lids reducing squeaks, rattles, wind noise and water leaks. Protects and keeps the rubber elastic. Protects against extreme temperature and UV rays. Solvent-free, water-based formula. Built-in applicator makes application simple without the mess.

100 ml 91480615

### Brake Cleaner + Degreaser

For asbestos, grease and oil stained brakes, coupling, gearbox and other metal components. Even removes asbestos dust from the brake system without leaving a residue. Excellent dirt penetration properties. Removes adhesive residues and glue. pH-balanced formula will not corrode sensitive materials. Water-repellant, silicone-free.

500 ml 99708415

### MoS2 Oil Aktiv

Rapidly frees rust, loosens screws, nuts and hinges. High quality corrosion protection with active rust protection. Eliminates squeaks and creaking. Also for use as a contact agent, displaces water, stops leak currents. Free of resin, acid and silicone.

300 ml 96090515

### Klima Cleaner Pro

High quality aqueous branded product which removes bacteria, fungi and other germs from air conditioning units without the need for disassembly. Together with the added odor neutralizers, its fungicidal and bactericidal agents combine to produce an extremely mild recipe with a broad spectrum of activity and high substantivity which will not irritate the mucous membranes.

300 ml 96110515

### Klima Cleaner easy-to-use

An effective spray for vehicle interiors, to remove odours and to clean the air conditioning and air circulation systems. Unpleasant odours caused by bacteria and fungi are neutralized rather than simply masked.

100 ml 91110415

### Tschüss Marten

Successfully tested by animal behavior researchers. Long-lasting anti-marten spray. Offers long-term protection against damage caused by martens and dormice to favorite car components such as electronic cables, ignition cables, brake and radiator hoses, v-belts and sleeves, shock absorbers or spring systems. The only anti-marten spray which also contains additional corrosion protection additives for the motor block, gear components and front axle suspension.

300 ml 95070515

### Ultra Gel Chain Grease

High performance soap-free spray grease. Wide temperature range from -40° C to +220° C, resin and acid-free. Gentle on skin. Neutral odor. Liquid when sprayed, it dries to a solid lubrication film in seconds. Active corrosion protection. Excellent adhesion and water-resistance. For brake shafts, springs, universal joints, hinges, drive chains, wheel and clutch bearings.

300 ml 96050515

1000 ml 93021015

## SF 1 Extreme Cut

is a cutting compound for professional users that sets a new benchmark. The special aluminum oxide micro-abrasives which are produced in a high-temperature process and subjected to the highest quality standards regarding grain size and hardness, ensure the highest cutting rate and maximum gloss level are achieved. Suitable for older, weathered coatings as well as acrylic glass lenses. The cutting rate and gloss level can be controlled precisely by selecting the cutting level of the polishing pad or wool pad. nextzett SF 1 Extreme Cut removes dust nibs, paint runs, scratches and overspray. Ideal for reconditioning matt and weathered coatings. The perfect product for professional reconditioners and painters. Water-based and silicone-free.

1000 ml 93121315

## SF 2 High Gloss Finish

eliminates swirl marks and holograms for an ultimate deep gloss finish. nextzett SF 2 High Gloss Finish is a medium-cut finishing polish with specially developed, high-tech abrasives which are the latest generation in the microscopic range. nextzett SF 2 High Gloss Finish produces an ultimate deep gloss finish and lasting protection. Since it's silicone-free, it can be applied on all coatings without restrictions. Produces no holograms (even on black coatings), no lubricating film, and can be polished out without any residue. A straightforward polish for virtually all applications. Water-based and silicone-free.

1000 ml 93121515

## SF 3 Premium Protect

is a silicone-free, high-gloss sealant based on natural and synthetic waxes. The polymer cross-linked care components create a natural gloss and protective finish on all paint finishes. Excellent protection is achieved in a one step finish that applies effortlessly. nextzett SF 3 Premium Protect leaves a brilliant, streak-free deep gloss finish on all smooth surfaces through the use of special care components and the fine-tuned selection of high-quality gloss components. Water-based and silicone-free.

1000 ml 93121415

## Express Polish

Special care polish for all as new paintwork. Cleans thoroughly, protects paintwork and provides long-term protection in a single operation. Particularly gentle surface action. Easy and convenient to apply. Special silicone ensures a long-lasting shine. Use to pre-treat dull, weathered metallic paintwork with no clear coat. Suitable for use in machines. Contains silicone.

1000 ml 93151015

### Acidopoon

Special acidic shampoo with proton activator to accelerate drying. Provides outstanding drying results in roll-over and tunnel systems using recycled water or highly alkaline pre-cleaners. Prolongs the life of brushes and cloths. Specially developed for very hard water.

25 l	91542015
200 l	91543015
1000 l	91544015

### Auto Gloss Car Wash Shampoo

Highly concentrated shampoo, dissolves dirt and grease aggressively. Formulated for use in water recycling systems. Easy to rinse off, creates a brilliant shine on any smooth surface. Contains brush lubricant for protecting painted edges in cars. With its active anti-limescale ingredient it can also be used in hard water.

1000 ml	91116015
10 l	91116115
25 l	91116215

### Clean Dry & Shine

High performance, NTA-free, mildly alkaline foam cleaner. It is based on a combination of non-ionic surfactants that, combined with modern dispersants, can reliably remove oil, animal and vegetable fats, insects, dirt, protein and micro dust. nextzett Clean, Dry & Shine contains high-gloss, preservative, cross-linking polymers that produce a high gloss and an „easy to clean“ effect. It is separation-friendly and contains no nitrates, complexing agents

(NTA, EDTA).

## Universal Cleaner + Smoke Ex

This all-purpose cleaner thoroughly removes grease, stains nicotine and incrustations of all kinds. Odours are not just disguised. The causes of the odours are removed organically all that remains is a pleasant, long-lasting fragrance. The all-purpose cleaner is particularly suitable for: imitation leather, plastic, glass, textiles, cotton fibres, tiles, ceramics, enamel, painted surfaces, concrete floors, walls, wooden doors, etc.

10 l	90201515
------	----------

## Silicone Remover

Thorough, rapid special cleaner - a silicone remover for new and used cars. For paint workshops and used car valeting services. Removes wax, grease, oil polishes, adhesive residues, bitumen, underseal, nicotine, tar and spray filming without residue. Also removes PU adhesive residues on windcreens.

1000 ml	91010515
10 l	91011115

## Tar Remover

Engine cleaner, tar remover and paintwork pre-cleaner in a single product. Dissolves oily, greasy dirt, bitumen, tar, waxes and adhesive residues. Effortlessly removes winter grime even in hard-to-reach places. pH-balanced formula protects paintwork. Provides temporary corrosion protection. Acid and lye-free.

10 l	91271615
------	----------

## Universal Defoamer

Excessive foam can damage cleaning machines. Universal Defoamer is the solution for all foam problems. The product stops the formation of foam in washing systems and water treatment plants and is suitable for use in floor cleaning machines. For the defoaming of all types of cleaners such as Industry Cleaner W99. Also suitable for preventive foam control in larger automatic bus / truck washing systems. Highly concentrated, a small amount is all that's required to achieve exceptional results.

1000 ml	91770515
30 kg	91772015

## Vinyl Rubber Extra

Highly effective treatment for plastic, vinyl and rubber surfaces such as tires, unpainted plastic trim and tonneau covers with extra lasting protection. Protects surfaces from fading and restores faded surfaces to like-new condition. Cleans light dirt while deep penetrating conditioning oils recondition to prevent drying and cracking due to the effects of heat, sun, weather and pollution. Restores color to faded surfaces and applies a weather-resistant seal that protects against UV rays which causes fading. Provides a low-shine, water-resistant and dust-resistant finish.

5 l 97262015

## Rubber Treatment Balsam

Matte gloss protection for all rubber components, spoilers, plastic fenders, car tires, etc. Restores depth of colour and protects against crazing. Keeps door seals supple. Weather-resistant protective shield, UV-resistant, tested against car shampoo and tunnel wash systems.

300 ml 97020515

## Cockpit Classic

Oil and grease-free care for interiors. Anti-static and dust resistant. Adds a satin finish and a fresh fragrance to the car interior. Counteracts smoke and other odors with its odor neutralizer. Even at high temperatures, its thermo-stable action protects the product against break-down.

10 l 92012515

## Cockpit Lemon

Similar action to that of Cockpit Classic, but also has a wonderful citrus fragrance which not only neutralizes odors and counteracts smoke odors, it also leaves a pleasant, long-lasting fresh citrus fragrance.

300 ml 92050815

## Vinyl-Rubber Care and Protectant SF

Cleans all plastic components such as fenders, the fascia, interior panels and rubber components and tires, producing a temperature-resistant seal and a satin finish. Delivers weather-resistant, long-term protection and colour consistency by means of pole reversal of the molecular structure and the C.I.S. System (automatic colour matching system). Tested for use in car wash systems.

10 l 97051215

## KIP Intensive Plastic Care

For the exterior. Special matte gloss care for plastic and rubber components such as fenders, spoilers, tires, trims etc. Restores them to their original shade. The product is UV-resistant and completely water-repellent.

1000 ml 91471015  
10 l 91471615  
200 l 91473015

## Tire Foam

With its optimum UV and ozone protection, Tire Foam cleans, cares and protects. Prevents cracking, premature bleaching and brittleness in the side walls. Does not attack rubber or paintwork. Anti-static and solvent-resistant. Gives your tires a silk matte finish and prevents re-soiling.

## Barrel Pump basic

It is suitable for cans of 20 liters up to 200-liter barrels. The pump is provided with a barrel adapter with 2" thread. For plastic barrels and cans, adapters are available. The hand pump was designed as a siphon pump and is suited for all neutral and slightly aggressive media. The pump must not be used for delivering any media of the hazard classes A I/ A II, other flammable media or in potentially explosive environment!

unit 40137015

## Cleaning Bucket 15l

unit 40010015

## Barrel Pump extra

Suitable for almost all liquids of low viscosity, such as acids, alkaline solutions and water-based chemicals. The pump must not be used for delivering any media of the hazard classes A I, A II/ other flammable media or in potentially explosive environment!

unit 40137115

## Hand Wash Paste

An easy to dissolve paste for gentle cleaning of heavily soiled or greases-stained hands. For use in all hard water an anti-limescale product is added. Hand-Wash Paste- contains no abrasive wood shavings or sand. Re-emulsifying raw materials are primarily used in manufacture. Dermatologically tested.

10 l 91331015

## Dosing Device Accudose

The device complies with the requirements of the European Water Authorities (E01717) and allows an efficient mix thanks to the 14 different dosing nozzles.

The Accudose is connected directly to the water tap and works without power and compressed air.

unit 40138015

## Cleaning Gun Twister

Pneumatically operated suction spray gun which very finely atomises cleaning fluid and swirls it under high pressure.

- Removes dirt quickly
- Guarantees lower consumption of chemicals

unit 40138315

# Automatic Wash

## Combi Pre-Cleaner

Modern, powerful, alkaline and NTA-free cleaning concentrate. The efficient combination of non-ionic and amphoteric tensides reliably removes insects, bird excrement, traffic dirt and fuel residues from overfilling. All of the tensides used are readily biodegradable and environmentally neutral in waste water treatment. This guarantees a high process water recycling rate and therefore reduces costs.

25 l	91565015
200 l	91565515

## Combi Fragrance Foam

A universal foam for all car washes and portable washing systems. A special brush lubrication additive protects vehicle coatings and keeps the textile brush materials clean and lubricated. The unique, highly specific fragrance composition results in a pleasantly fresh odour in all systems. COMBI Fragrance Foam is pH-neutral. The amphoteric tensides guarantee high-performance foam, even in hard water. Reduced surfactant characteristics were chosen on purpose in order to guarantee fast, complete rinsing.

25 l	91863015
200 l	91864015

## Combi Active Shampoo

Special shampoo with a fresh scent and anti-scale formula – phosphate free. COMBI Active Shampoo is a highly concentrated shampoo. With ultimate cleaning power, it easily dissolves dirt and grease. The product rinses easily and produces a brilliant shine on all smooth surfaces.

25 l	91873015
200 l	91874015

## Combi Dryer

The fast, intensive drying agent based on modern, cationic tensides, universal in application for all car washes and portable systems. An absolutely reliable drying agent with measurable high gloss. The high-quality care components give coatings a long-lasting, clearly visible shine. All-round vehicle protection.

25 l	91883015
200 l	91884015

## Combi Protection

High-end drying agent, maintains surface gloss, removes scratches, lotus effect. Can be used as a foam and hot preservative, also ideal for self-service washing bays, silicone-free, mineral oil-free

# Combi Series

**Lotus Ultra**  
**ISF Pre-Cleaner**

Insects · Dirt · Wheels – With its new dirt-fighting formula, Lotus Ultra ISF is outstandingly suitable as a pre-treatment for car-wash plants. Thanks to the use of new high-performance dispersants, dirt is easily wiped off, giving you easy-to-clean results.

10 l	90091515
25 l	90092015
200 l	90633015
1000 l	90634015

**Lotus Ultra**  
**Power Foam**

Low alkaline, extremely high-foaming cleaning concentrate on the basis of anionic and amphoteric tensides for car washes, portal systems and self-service washing bays.

25 l	91102015
200 l	91103015

**Lotus Ultra**  
**High Gloss Shampoo**

Highly concentrated shampoo with exceptional cleaning power, which acts as a highpower dirt and grease solvent. Proven by its outstanding wash results, High Gloss Shampoo and prolongs the life and cleanliness of soft cloth, textile and microfiber cloths and brushes at car-wash plants with its self-cleaning action.

25 l	90622015
200 l	90623015

**Lotus Ultra**  
**Effect**

Special mildly acidic foam to prepare effectively for drying. The Lotus Ultra Effect:

- Commercial vehicle runoff dryer
- Foam polish
- Acidic brush shampoo
- Maximum drying
- Prolongs the life of textile clothsand brushes

25 l	91552015
200 l	91553015

**Lotus Ultra**  
**High Gloss Foaming Polish**

Hydrocarbon-free micro foam polish. The product protects the finish and with the addition of self-crosslinking micro-polymers, a lotus effect is achieved. This leads to a natural repellent effect achieving a longlasting all around protection of the bodywork from the effects of weathering and the environment results. The Lotus Ultra High Gloss Foaming Polish is suitable for all tunnel and rollover systems with foam nozzles or foam generators.

25 l	91422015
200 l	91423015

# Lotus Ultra Series

**Lotus Ultra  
High Gloss Drying Agent**

Innovative high-performance drying aid based on cationic surfactants, by means of modern, high-quality conditioners, the new formula which is free of silicone and mineral oil facilitates drying without micro beading and produces an excellent gloss in all automatic and self-service car wash systems. Because no silicone is present, there is no need to finish car panels afterwards.

25 l	91322015
200 l	91323015

**Lotus Ultra  
Glanzwax**

Long-lasting wax with brilliant deep gloss, as hot or foam wax.

25 l	91132015
200 l	91133015

**Lotus Ultra  
Superwax**

Special drying aid based on cationic and non-cationic surfactants. By means of self-crosslinking conditioners the new formula dries without micro beading and produces an excellent and innovative gloss. This leads to a natural repellent effect achieving a long-lasting all around protection of the bodywork from the effects of weathering and the environment results.

25 l	91442015
200 l	91443015

**Lotus Ultra  
3D-Protect Exklusiv**

Deep gloss protection, coating repair and lotus effect, high-end dryer, foam and hot preservative. Also ideal for self-service washing bays, silicone-free, mineral oil-free.

25 l	91092015
200 l	91093015

### Tresan TR 35

Highly effective sterilizing agent for industrial water based on stabilized hydrogen peroxide and free of formaldehyde or formaldehyde residue. Within a very short period of time, Tresan TR 35 acts to form oxygen. Thus, organic substances decompose and the water is oxygenated.

25 kg 91620515

### pH-Regulator Alkaline

Contains a special tenside-free low carbonate and low sulfate lye to optimize the pH of acidic used water and sewage. pH-Regulator is indispensable when using acidic flocculants and precipitating agents. Can be used with any level of water hardness without loss of effectiveness.

25 l 91612015  
200 l 91613015

### Duo-Flock

The broad-band flocculant and precipitating agent with a broad pH range effectiveness of pH 5.0-8.5. A multi-component preparation for extensive elimination of dirt, grease and oil particles from used water. Also removes oil-emulsifying tensides and reduces the contaminant values of the used water considerably. Areas of application: water recycling systems in roll-over, brush and tunnel car wash systems and other automated cleaning systems.

25 l 91752015

# Water Treatment

### Clean Dry & Shine

High performance, NTA-free, mildly alkaline foam cleaner. It is based on a combination of non-ionic surfactants that, combined with modern dispersants, can reliably remove oil, animal and vegetable fats, insects, dirt, protein and micro dust. Clean, Dry & Shine contains high-gloss, preservative, cross-linking polymers that produce a high gloss and an „easy to clean“ effect. It is separation-friendly and contains no nitrates, complexing agents (NTA, EDTA).

25 l	90282015
200 l	90283015
1000 l	90284015

### PolTEC

A polymer-based car wash gloss agent and highly effective soft polish for scratch-free deep care of automobile coatings. Guaranteed better smoothness and shine thanks to the novel multiflex system, even on older coatings. Prevents grey film even when used with hard water.

25 l	91722015
------	----------

### Acidopoon

Special acidic shampoo with proton activator to accelerate drying. Provides outstanding drying results in roll-over and tunnel systems using recycled water or highly alkaline pre-cleaners. Prolongs the life of brushes and cloths. Specially developed for very hard water.

25 l	91542015
200 l	91543015
1000 l	91544015

### Windscreen Cleaning Wipes

Cloth saturated with a special active agent for effortless removal of wax, oil and silicon residues. Subsequent wiping down with dry fleece gives a streak-free clean. Best suitable for cleaning spectacles.

Bag	42150515
-----	----------

### Shampoo 730

Highly concentrated shampoo with the greatest cleaning effect, removes dirt and grease. It is pre-destined for use in industrial water recycling plants of automatic car washing facilities. It is easy to rinse off, gives a radiant shine to all smooth surfaces. It contains a brush lubricant for protecting painted edges without removing the paint from them.

25 l	91360515
200 l	91362015
1000 l	91364015

### Rapid Wax Drying Agent

Highly effective drying agent with innovative shine action. Guarantees fast and easy drying with spontaneous and large-scale bubbling rinse effect including problem systems with a small bubbling rinse area or high conveyor speeds.
