# The next Step

# Our Product Families

One of the basic principles of nextzett is to plan the steps ahead and then implement it. Today we are challenged by new environmental situations and transportation concepts.

So, we're not just working on a complete range of high performance cleaners but we are also developing innovative concepts for tomorrow; concepts that are technically, ecologically and economically tailored to the needs of both, private vehicle owners as well as commercial fleet operators.

At nextzett, our goal is to offer our customers more than just the perfect finish. Vehicles that are maintained and cared for are protected against environmental influences and wear, and as a result, will result in long term value retention.

# Shop Products

As an operator of a carwash, detail shop, fuel station, or automotive specialty shop, with our retail products, you can offer more than just the occasional service to your customers.

nextzett allows you to create more frequent and higher sales. As an authorized dealer of nextzett products, you'll attract demanding and investment-minded customers who value an environmentally friendly way to protect the value of their car - visually and technically.

If you are not distributing nextzett, become a nextzett partner now. Besides offering exceptional product quality, you'll benefit from attractive margins, sales promotions and territorial protection.

## Pre-Wash, Wash, Wheels

### Industry Cleaner W99

Highly concentrated degreaser for removing tough oil and grease stains, organic deposits, old wax and epoxy coatings, proteins, sugar as well as carbonized residues. For use in car workshops, detail shops, industrial plants, transportation sectors, swimming pools, factory rooms or on vehicles and working equipment in the food industry. It is ideal for surfaces such as tiles, plastics, paints and tarpaulins. Silicone-free.

1000ml | 90140515

### Anti Insect Bug + Sap Remover

Concentrated for effortless removal of insects from paintwork, chrome, glass, rubber and plastic. Removes dead insects with its unique solvent properties. Does not contain enzymes and is therefore particularly gentle on skin. Silicone-free.

500ml | 91391215

### Auto Gloss Car Wash Shampoo

Highly concentrated, gloss enhancing, professional hand wash car wash shampoo that cleans road grime, tree sap and other pollutants without the use of aggressive detergents that can leave spotting or residue behind. Leaves a high gloss shine for a wax-like finish. Silicone-free.

1000ml | 91116015

### Perls Shampoo

Concentrated shampoo for an effortless manual foam wash which seals in the shine. It cleans quickly and thoroughly like a shampoo. Polymers provides durable protection against environment and weather by sealing in the shine and creating a deep, visible, long-lasting sheen. Instant water beading after rinsing reveals the sealed-in mirror shine.

500ml | 98140515

### Wheel Cleaner

Acidic based concentrated cleaner for all painted light alloy and steel wheels. Protective cleaning formula. Effortless application, even brake dust, pitting, grease and oil grime will be completely removed. Restores it to a like-new condition. Silicone-free.

500ml | 97071215

### Wheel Cleaner Colortec

Acid-free wheel cleaner, highly efficient for cleaning all types of wheels. Actively removes tough dirt, flash rusting, and brake dust residue without additional application. Gently cleans without damaging the surface. Safe application is made easy with a color change effectiveness indicator. When the cleaner changes color, it's time to rinse. Silicone-free.

500ml | 97000515  
5l | 97401515

### Wheel + Engine Cleaner

Gentle yet effective alkaline cleaner, safe for use on all type of wheel finishes including those with sensitive finishes. Removes brake dust, road grime and brake pitting preventing wheel finishes from becoming dull. Will not discolor anodized aluminum brake calipers. Silicone-free.

500ml | 97211015

# Interior, Glass, Maintenance

## Universal Cleaner + Smoke Ex

This all-purpose cleaner thoroughly removes grease, stains nicotine and deposits of all kinds. Odours are not masked but instead odours are removed organically at the source so all that remains is a pleasant, long-lasting fragrance. Silicone-free.

500ml | 90201215

## Windscreen Clear

Powerful glass cleaner for all types of glass and windscreens and for enameled and smooth surfaces in the kitchen area. Reliable, streak-free and fast acting in removing dirt, grease, wax and silicone. Will not harm paintwork, chrome or rubber. Suitable for plastic headlight lenses. Silicone-free.

500ml | 92141215

## Kristall Klar Windshield Washer Fluid

Highly concentrated cleaner for the windshield washer unit. Removes oil, grease, silicone, wax, insects, dangerous glare filming and environmental grime from front and rear windshields in seconds. Eliminates wiper blade rattles and squeaks. Lubricants reduces wear and tear of wiper blades. With measuring dispenser for easy and accurate dispensing. Suitable for plastic headlight lenses. Silicone-free.

250ml | 92100815

## Cockpit Classic

Oil and grease-free care for dashboards and interiors. Anti-static and dust resistant. Adds a satin finish and a fresh fragrance to the car interior. Counteracts smoke and other odors with its odor neutralizer. Even at high temperatures, its thermo-stable action protects the treated surfaces against breakdown.

300ml | 92010815

## Cockpit Premium

Cleans and protects in a single step with anti-static action. All plastic interior components remain with a fresh smelling matte finish and a protection film that keeps the dashboard from fading. Also suitable for cleaning other smooth surfaces made of glass, plastic or painted metal - also for household use. Silicone-free.

500ml | 92470515

## Leather Care

Cleans, conditions, and protects to maintain the natural look and feel of all your automotive leather trim and furniture. Removes grime build-up that can deteriorate leather over time. Prevents leather from drying and becoming brittle using conditioners and UV protectants. Leaves a clean, non-greasy finish with a pleasant fragrance.

250ml | 92480515

## Cockpit Lemon

Similar action to that of Cockpit Classic, but also has a wonderful citrus fragrance which not only neutralizes odors and counteracts smoke odors, it also leaves a pleasant, long-lasting fresh citrus fragrance.

300ml | 92050815

## Plastic Deep Cleaner

Gentle, two-phase cleaner with powerful dirt and grime removal. Cleans and removes rubber scuff marks, tar, bitumen and nicotine thoroughly and effortlessly with dust-resistant anti-static action and a brightening effect. For plastic awnings, car seats, dashboards, storage compartments and side components. Silicone-free.

500ml | 92441015

## Blitz All-Purpose Cleaner

PH balanced cleaner for protective care of all types of surface. For use on a variety of surfaces and materials including upholstery, fabric, carpeting, imitation leather, plastic, glass, tiles, ceramic products etc. Soiled parts are cleaned gently and thoroughly without residue. Produces a streak-free shine without bubbling. Silicone-free.

1000ml | 90010515

# Care for Optics and Function

## Rubber Care Stick

Conditions rubber weather seals around car doors, windows and trunk lids reducing squeaks, rattles, wind noise and water leaks. Protects and keeps the rubber elastic. Protects against freeze on at low temperature and UV rays on hot days. Built-in applicator sponge makes application simple without making a mess. Silicone-free.

Small product - great effect. The nextzett Rubber Care Stick stands for functionality, quality and our pursuit of highly effective easy-to-use products. It is, without a doubt, one of the bestsellers in the nextzett shop range.

100ml | 91480615

# Polish, Exterior

neu

**Perfect Shine**

3-in-1 product innovation: cleans, enhances and protects the vehicle surface in one step. Specially developed polymers build a protective film with excellent gloss depth on all paint finishes. Leaves a brilliant, streak-free deep gloss without haze or streaks. With incredible water beading effect and keeps paint finish clean longer. Great for touch-ups in the showroom or at the car show.

500ml | 98150515  
5l | 98151015

**Spray Wax Raindance**

Quickly and easily adds protection and exceptional shine. Protects all surfaces for weeks from contamination using German polymer wax technology. Can be applied on wet or dry paintwork.

500ml | 93151015

**No 1 Clean & Polish**

Abrasive polish for removing fine scratches and swirl marks from the paint and heavy oxidation. Can be applied with polishing machine or by hand.

250ml | 93100515  
1000ml | 93101015

**No 2 One Step Polish**

Polishes and conditions for long-term results in a single step. Removes compound marks and can smoothen smaller paint imperfections. Leaves a high gloss finish and protective film, which can be improved by applying No 4 Hartglanz. Can be applied with polishing machine or by hand.

250ml | 93110515  
1000ml | 93111015

**No 3 Polish & Wax**

Special care polish for all like-new and well-maintained paint finishes. Cleans the paint finish leaving a high gloss finish and adds a protective layer of carnauba wax. Very gentle to the surface. Easy and fast to apply. Can be applied with polishing machine or by hand.

250ml | 93120515  
1000ml | 93121015

**No 4 Hartglanz**

Formulated from the latest in polymer synthetic waxes for long-lasting protection. No 4 Hartglanz achieves an exceptional deep gloss finish while providing your paint finish with the best in protection from the elements. Makes dark finishes incredibly deep and makes metallic flakes appear to jump off the finish. Can be applied with polishing machine or by hand.

250ml | 93020515  
1000ml | 93021015

# Special Products, Accessories

**“Tschüss Marten” Cable Protection Spray**

Long-lasting marten repellent spray. Successfully tested by animal behavior researchers. Offers long-term protection against damage caused by martens and dormice to favorite car components such as electronic cables, ignition cables, brake and radiator hoses, v-belts and sleeves, shock absorbers or spring systems. Acts through a combination of harmless odors and flavorings, even after persistent rainy seasons. The only anti-marten spray which also contains additional corrosion protection additives for the motor block, gear components and front axle suspension.

300ml | 95070515

**Tire Foam**

With its optimum UV and ozone protection, Tire Foam cleans, cares and protects. Prevents cracking, premature bleaching and brittleness in the side walls. Does not harm rubber or sling on to paint finish. Anti-static and solvent-resistant. Gives your tires a silk matte finish and prevents re-soiling.

500ml | 97291015

**Brake Cleaner + Degreaser**

For asbestos, grease, and oil stained brakes, coupling, gearbox and other metal components. Added benefit of removing asbestos dust from the brake system without leaving a residue. Excellent dirt penetration properties. Removes adhesive residues and glue. pH-balanced formula will not corrode sensitive materials or damage rubber or vinyl. Silicone-free.

500ml | 99708415

**Klima Cleaner easy-to-use**

The simple and fast way to clean air-conditioning systems. An effective spray for vehicle interiors, to remove odors and to clean the air conditioning and air circulation systems. Unpleasant odors caused by bacteria and fungi are neutralized rather than simply masked. In less than 20 minutes, the system will be cleaned and the interior will smell fresh. Silicone-free.

100ml | 91110415

**Klima Cleaner Pro**

Water-based product which removes bacteria, fungi, and other germs from air conditioning units without the need for disassembly. Together with the added odor neutralizers, its fungicidal and bactericidal agents combine to produce an extremely mild cleaning formula with a broad spectrum of activity. Klima Cleaner Pro leaves a dirt-repelling film, which prevents the re-emergence of unpleasant odors. Silicone-free.

300ml | 96110515

**Express Polish**

Special care polish for all like-new paintwork. Cleans thoroughly, protects paintwork and provides long-term protection in a single step. Especially gentle surface action. Easy and convenient to apply. Special silicone ensures a long-lasting shine. Can be applied with polishing machine or by hand.

1000ml | 93151015

**KIP Intensive Plastic Care**

Best gloss protection for the exterior. Special gloss care for plastic and rubber components such as fenders, spoilers, tires, trims etc. Restores them to their original shade. The product is UV-resistant and completely water-repellent.

1000ml | 91471015

**Vinyl Rubber Extra**

Highly effective, water-based treatment for plastic, vinyl and rubber surfaces such as tires, unpainted plastic trim and tonneau covers with extra lasting protection. Protects surfaces from fading and restores faded surfaces to like-new condition. Cleans light dirt while deep penetrating conditioning oils recondition to prevent drying and cracking due to the effects of heat, sun, weather and pollution. Provides a low-shine, water-resistant and dust-resistant finish.

500ml | 97261215  
5l | 97262015

**Rubber Treatment Balsam**

Matte gloss protection with fresh fragrance for all rubber components, spoilers, plastic fenders, car tires, etc. Restores depth of color and protects against brittleness. Keeps door and window seals as well as all other rubber parts supple. Weather-resistant protective shield, UV-resistant.

300ml | 97020515

**Ultra Gel Chain Grease**

High performance soap-free spray grease. Wide temperature range from -30° C to +250° C (-22° F to +480° F), resin and acid-free. Liquid when sprayed, it dries to a solid lubrication film in seconds. Active corrosion protection. Excellent adhesion and water-resistance. Contains active O-Ring protection for proper maintenance of motorcycle sprockets and chains. Silicone-free.

300ml | 96050515

**MoS2 Oil Aktiv**

Rapidly frees rust, loosens screws, nuts and hinges. It protects metal from rust and corrosion, and even cleans grease and grime from surfaces. Eliminates squeaks and creaking. Also, for use as a contact agent, displaces water, stops leak currents. Silicone-free.

300ml | 96090515

**Car Wash Sponge**

Fine pored super absorbent sponge. Made from natural ingredients.

Piece | 41241515

**Microfiber Professional**

40x 40cm, 280GSM. Super fine cleaning cloth for all surfaces inside and outside. High water and dirt absorption capacity. Absolutely lint-free. Long life expectancy (up to 250 wash cycles).

Piece | 40084015

# Products for Industry & Professionals

Do you operate a car dealership or an industrial or a small-scale fleet? Then you should rely on the most professional vehicle preparation of all time: exhaustive range of products, faster results, more effective, more economical and more environmentally friendly. Benefit from training courses in product application, process- and work organization. Advantages that will ensure you an image of quality.

- Highly effective, multifunctional, and environmentally friendly products
  - Flawless cleaning results
  - Training and consulting service
  - Interior and exterior detailing techniques
  - Optimization of your operating procedures (incl. all occupational health and safety regulations, with operating instructions)
- \*Not available in all regions.

## Alkaline Cleaners

**Car Star Universal Cleaner**

Very efficient, alkaline cleaner, removes oil, organic fats, insects, road grime, albumen (egg), old wax and resin build-up as well as carbonized residues, copolymer waxes and micro-dust reliably. It is ideal as a pre-treatment agent as well as a brush cleaning agent for automatic commercial vehicle washing facilities, particularly for dissolving concentrated oily and greasy dirt on tarpaulins and trailers. Silicone-free.

10l | 90151515  
25l | 90152015  
200l | 90153015

**Industry Cleaner W99**

Highly concentrated degreaser for removing tough oil and grease stains, organic deposits, old wax and epoxy coatings, proteins, sugar as well as carbonized residues. For use in car workshops, detail shops, industrial plants, transportation sectors, swimming pools, factory rooms or on vehicles and working equipment in the food industry. It is ideal for surfaces such as tiles, plastics, paints and tarpaulins. Silicone-free.

1000ml | 90140515  
10l | 90141515  
25l | 90142015  
200l | 90143015

**Lotus Ultra ISF Pre-Cleaner**

With its new dirt-fighting formula, Lotus ULTRA ISF is a highly effective cleaner that is gentle to all surfaces. For use on all exterior vehicle surfaces. Outstanding performance as a pre-treatment for car-wash plants. Thanks to the use of new high-performance dispersants, dirt is easily wiped off, giving you easy-to-clean effect. Removes bug splatter, soot, road grime, and more. Silicone-free.

10l | 90091515  
25l | 90092015  
200l | 90093015

**Turbo S**

Very effective high alkaline cleaning concentrate, which consistently removes oil and fat-based substances, proteins, old wax and resin buildup as well as carbonized residues and micro-dust. Turbo S can be used in multiple areas of application: e.g. as a pre-cleaning product for automatic washing facilities of commercial vehicles, as an insect remover as well as for cleaning tarpaulins and trailers. Silicone-free.

25l | 91652015  
200l | 91653015

## Acidic Cleaners

**Wheel Cleaner**

Acidic based concentrated cleaner for all painted light alloy and steel wheels. Protective cleaning formula and effortless application, even brake dust, pitting, grease and oil grime will be completely removed. Restores it to a like-new condition. Silicone-free.

500ml | 97071215  
10l | 97071515  
25l | 97072015  
200l | 97073015

**Wheel Glanz**

Concentrated cleaning gel for all painted light alloy and steel wheels. Protective cleaning formula. Effortless application. Even brake dust pitting, grease and oil grime will be completely removed. Restores it to a like-new condition. Can be used for manual cleaning, but is recommended for automatic cleaning systems such as wash tunnels, roll overs and car wash plants. Silicone-free.

25l | 97272015  
200l | 97275015

**HFF**

Highly effective, sprayable, light acidic cleaner for gentle cleaning of wheel rims, tiles, shop floors and garage grounds. With double corrosion protection. Does not contain any corrosive hydrofluoric or sulfuric acid. Multi-purpose including: machine cleaning, cleaning of stainless-steel parts, easy removal of surface rust and flight grate, for optimal protection from corrosion. Easily solves stubborn grease, oil and brake abrasion residues. Silicone-free.

10l | 97091515  
25l | 97092015

**KBR**

Slightly viscous, powerful acidic cleaner; contains no harmful sulfuric acid. Removes difficult stains such as lime scale, encrusted urine, boiler scale, rust, cement, and encrusted concrete. Cleans all acid resistant surfaces such as tiles, porcelain, stoneware, bathroom and kitchen basins, WCs. Depending on the concentration and soaking time, also dissolves heavy layers of cement, glassy surfaces, and encrusted concrete. Not suitable for aluminum, painted surfaces and stainless-steel. Silicone-free.

10l | 90261515  
25l | 90262015  
200l | 90263015

# Cleaning & Shampoo

**Acidopoon**

Special acidic shampoo with proton activator to accelerate drying. Provides outstanding drying results in roll-over and tunnel systems using recycled water or high alkaline pre-cleaners. Prolongs the life of brushes and cloths. Specially developed for very hard water. Silicone-free.

25l | 91542015  
200l | 91543015

**Clean Dry & Shine**

Mild alkaline, low-foaming detergent with hydrophobic effect, that consistently removes oil, animal and vegetable fats, insects, dirt, protein and micro dust. Suitable for manual car, truck and train wash. If used frequently it creates an extreme gloss and leaves a film that protects against re-pollution („easy to clean“ effect). Prevents calcification and therefore leads to a spotless drying finish. Silicone-free.

25l | 90282015  
200l | 90283015

**Auto Gloss Car Wash Shampoo**

Highly concentrated, gloss enhancing, professional hand wash car wash shampoo that cleans road grime, tree sap and other pollutants without the use of aggressive detergents that can leave spotting or residue behind. Leaves a high gloss shine for a wax-like finish. Phosphate-free and safe for use in areas where food is prepared, stored or sold. Silicone-free.

1000ml | 91116015  
10l | 91116115  
25l | 91116215

**Perls Shampoo**

Concentrated shampoo for an effortless manual foam wash which seals in the shine. It cleans quickly and thoroughly like a shampoo. Polymers provides durable protection against the environment and weather by sealing in the shine and creating a deep, visible, long-lasting sheen. Instant water beading after rinsing reveals the sealed-in mirror shine.

500ml | 98140515  
25l | 98142515  
200l | 98144115

# Special Cleaners

**Silicone Remover**

Thorough, rapid special cleaner, a silicone remover for new and used cars. For paint workshops and used car valeting services. Removes wax, grease, oil polishes, adhesive residues, bitumen, underseal, nicotine, tar and spray filming without residue. Also removes PU adhesive residues on windshields. Silicone-free.

1000ml | 91010515  
10l | 91011115

**Brake Cleaner + Degreaser**

For asbestos, grease and oil stained brakes, coupling, gearbox and other metal components. Even removes asbestos dust from the brake system without leaving a residue. Excellent dirt penetration properties. Removes adhesive residues and glue. pH-balanced formula will not corrode sensitive materials nor damage rubber or vinyl. Silicone-free.

500ml | 99708415  
10l | 99708615

**Special Cleaner TBK**

A special mineral oil-free cleaner on the basis of water-soluble solvents, the ecologically sensible alternative for mineral oil-based tar removers. Special Cleaner TBK effortlessly removes tar, oil, bitumen, adhesive residues (sticker residues), permanent marker (Edding) stains and graffiti. Easily separable and fast releasing. Silicone-free

10l | 99719715

**Tar Remover**

Engine cleaner, tar remover and paintwork pre-cleaner in a single product. Dissolves oil, greasy dirt, bitumen, tar, waxes and adhesive residues. Effortlessly removes winter grime even in hard-to-reach places. pH-balanced formula that protects paintwork. Provides temporary corrosion protection. Silicone-free

10l | 91271615

# Pro Polishes

**Express Polish**

Special care polish for all like-new paintwork. Cleans thoroughly, protects paintwork and provides long-term protection in a single step. Especially gentle surface action. Easy and convenient to apply. Special silicone ensures a long-lasting shine. Suitable for use with polishing machines as well as by hand.

1000ml | 93151015

**No 1 Clean & Polish**

Abrasive polish for removing fine scratches and swirl marks from the paint and heavy oxidation. Can be applied with polishing machine or by hand.

250ml | 93100515  
1000ml | 93101015

**No 2 One Step Polish**

Polishes and conditions for long-term results in a single step. Removes compound marks and can smoothen smaller paint imperfections. Leaves a high gloss finish and protective film, which can be improved by applying No 4 Hartglanz. Can be applied with polishing machine or by hand.

250ml | 93110515  
1000ml | 93111015

**No 3 Polish & Wax**

Special care polish for all like-new and well-maintained paint finishes. Cleans the paint finish leaving a high gloss finish and adds a protective layer of carnauba wax. Very gentle to the surface. Easy and fast to apply. Can be applied with polishing machine or by hand.

250ml | 93120515  
1000ml | 93121015

**No 4 Hartglanz**

Formulated from the latest in polymer synthetic waxes for long-lasting protection. No 4 Hartglanz achieves an exceptional deep gloss finish while providing your paint finish with the best in protection from the elements. Makes dark finishes incredibly deep and makes metallic flakes appear to jump off the finish. Can be applied with polishing machine or by hand.

250ml | 93020515  
1000ml | 93021015

**SF 1 Extreme Cut**

Cutting compound for professional users that sets a new benchmark. The special aluminum oxide micro-abrasives, ensure the highest cutting rate and maximum gloss level are achieved. Also excellent for older, weathered coatings as well as acrylic glass lenses. SF 1 Extreme Cut removes dust nibs, paint runs, scratches and overspray. Ideal for reconditioning matte and weathered coatings. Water-based and silicone-free.

1000ml | 93121315

**SF 2 High Gloss Finish**

Medium-cut finishing polish with specially developed, high-tech abrasives, which are the latest generation in the microscopic range. Eliminates swirl marks and holograms. SF 2 High Gloss Finish produces an ultimate deep gloss finish and lasting protection. Since it's silicone-free, it can be applied on all coatings without restrictions. Produces no holograms (even on black coatings), no lubricating film, and can be polished out without any residue. A straightforward polish for virtually all applications. Water-based and silicone-free.

1000ml | 93121515

**SF 3 Premium Protect**

High-gloss sealant based on natural and synthetic waxes. The polymer cross-linked care components create a natural gloss and protective finish on all paint finishes. Excellent protection is achieved in a one step finish that applies effortlessly. SF 3 Premium Protect leaves a brilliant, streak-free deep gloss finish on all smooth surfaces through the use of special care components and the fine-tuned selection of high-quality gloss components. Water-based and silicone-free.

1000ml | 93121415

**einszett D2 Special Cleaner**

The ultimate paint cleaner for old, weathered, solvent-based coatings. Removes even stubborn and deep paint oxidation, flying rust (rail dust), paint overspray, hard water stains and industrial grime. Strip-free processing. Eliminates scratches and scrapes. Very popular and appreciated product in the classic car scene. Silicone-free.

1l | 93040515

# Maintenance

# Interior- & Special Cleaner

**Vinyl Rubber Extra**

Highly effective, water-based treatment for plastic, vinyl and rubber surfaces such as tires, unpainted plastic trim and tonneau covers with extra lasting protection. Protects surfaces from fading and restores faded surfaces to like-new condition. Cleans light dirt while deep penetrating conditioning oils recondition to prevent drying and cracking due to the effects of heat, sun, weather and pollution. Provides a low-shine, water-resistant and dust-resistant finish.

500ml | 97261215  
5l | 97262015

**Blitz All-Purpose Cleaner**

PH balanced cleaner for protective care of all types of surface. For use on a variety of surfaces and materials including upholstery, fabric, carpeting, imitation leather, plastic, glass, tiles, ceramic products etc. Soiled parts are cleaned gently and thoroughly without residue. Produces a streak-free shine without bubbling. Silicone-free.

1000ml | 90010515  
10l | 90011015  
25l | 90011515  
200l | 90013015

**Rubber Treatment Balsam**

Matte gloss protection with fresh fragrance for all rubber components, spoilers, plastic fenders, car tires, etc. Restores depth of color and protects against brittleness. Keeps door and window seals as well as all other rubber parts supple. Weather-resistant protective shield, UV-resistant.

300ml | 97020515

**Cockpit Classic**

Oil and grease-free care for dashboards and interiors. Anti-static and dust resistant. Adds a satin finish and a fresh fragrance to the car interior. Counteracts smoke and other odors with its odor neutralizer. Even at high temperatures, its thermo-stable action protects the treated surfaces against break-down.

300ml | 92010815  
10l | 92012515

**Cockpit Lemon**

Similar action to that of Cockpit Classic, but also has a wonderful citrus fragrance which not only neutralizes odors and counteracts smoke odors, it also leaves a pleasant, long-lasting fresh citrus fragrance.

300ml | 92050815

**Cockpit Premium and Interior Cleaner**

Interior cleaner with matte finish. Cleans and protects in a single step with anti-static action. Cockpit Premium + Interior Cleaner is also recommended for cleaning other smooth surfaces made of glass, plastic or painted metal. The perfect product to use in air pulse cleaning guns like the Tornado or the Twister. Silicone-free.

10l | 92452015

**Universal Cleaner + Smoke Ex**

This all-purpose cleaner thoroughly removes grease, stains nicotine and deposits of all kinds. Odours are not masked but instead odours are removed organically at the source so all that remains is a pleasant, long-lasting fragrance. Silicone-free.

500ml | 90201215  
10l | 90201515

**Plastic Deep Cleaner**

Gentle, two-phase cleaner with powerful dirt and grime removal. Cleans and removes rubber scuff marks, tar, bitumen, and nicotine thoroughly and effortlessly with dust-resistant, anti-static action and a brightening effect. For plastic awnings, car seats, dashboards, storage compartments and side components. Silicone-free.

500ml | 92441015  
10l | 92442515

**Stain Remover**

Rapidly and gently removes oil, grease, silicone, adhesives and tar from textiles, upholstery, clothes, and carpets. Stain Remover will not leave any water stains if applied correctly. Silicone-free.

1000ml | 92030515

**Tire Foam**

With its optimum UV and ozone protection. Tire Foam cleans, cares and protects. Prevents cracking, premature bleaching and brittleness in the side walls. Does not harm rubber or cling on to paint finish. Anti-static and solvent-resistant. Gives your tires a silk matte finish and prevents re-soiling.

500ml | 97291015

**KIP Intensive Plastic Care**

Best gloss protection for the exterior. Special gloss care for plastic and rubber components such as fenders, spoilers, tires, trims etc. Restores them to their original shade. The product is UV-resistant and completely water-repellent.

1000ml | 91471015  
10l | 91471615

**Vinyl Gel**

Vinyl care for exterior use. High-quality special product based on polymers and Vaseline. High molecular weight, glossy components and adhesive components form a shiny film on plastic and rubber parts, such as non-painted bumpers, rubber and tires. Old, greyed bumpers return its original color. Silicone-free.

1l | 94081015

**Vinyl-Rubber Care and Protectant SF**

Conditions all plastic components such as fenders, the fascia, interior panels, rubber components and tires, producing a temperature-resistant seal with a satin finish. Delivers weather-resistant, long-term protection and color consistency. Silicone-free.

10l | 97051215

**Rubber Fresh**

Water-based product for preservation of plastic parts with excellent cost-performance-ratio. Leaves a glossy film on all plastic and rubber parts, that protects from UV radiation and premature aging. Because of its formulation with water soluble solvents Rubber Fresh creates no problems in water treatment plants. Silicone-free.

10l | 97221515

**Windscreen Clear**

Powerful glass cleaner for all types of glass and windscreens and for enameled and smooth surfaces in the kitchen area. Reliable, streak-free and fast in removing dirt, grease, wax and silicone. Will not harm paintwork, chrome or rubber. Suitable for plastic headlight lenses. Silicone-free.

500ml | 92141215  
10l | 92141515  
25l | 92142015  
200l | 92143015

**einzett Glaspolish**

Two-component polish for windshields and glass. Cleans the dirtiest glass without residue and removes slight scratches. einzett Glaspolish eliminates overspray dust, adhesive residues, wax, grease, oil and smog coating, paint and putty residues etc. Removes difficult smearing and is glare-free. Eliminates windshield wiper squeaking and shuddering. Ideal also for Perspex e.g. for caravans and motorhomes. Silicone-free.

200ml | 92340915  
1l | 92341015

**Glass Sealant**

Rain-repellent, easy-to-use glass coating that creates a super hydrophobic surface. For improved driving safety through enhanced visibility. Allows water droplets to form and run off the surface rapidly. Glass Sealant creates a "self-cleaning" effect making it harder for road grime and other pollutants to accumulate while improving windshield wiper performance. Suitable for all untreated glass surfaces on vehicles, in industry and around the home.

200ml | 92341215  
1l | 92341115

Ohne Abbildung

**Universal Defoamer**

The solution for all foam problems. For the defoaming of all types of cleaners such as Industry Cleaner W99. The product stops the formation of foam in washing systems and water treatment plants and is suitable for use in floor cleaning machines. Also suitable for preventive foam control in larger automatic bus/truck washing systems. Highly concentrated, a small amount is all that's required to achieve exceptional results.

1000ml | 91770515  
25l | 91772015

# Accessories

**Wheel Brush**

60mm long, acid-resistant and robust wheel brush. The brush is metal-free and therefore does not harm any surfaces.

**Piece | 40020015**

**Car Brush**

320 x 120mm, with chemical resistant handle. The brush is metal-free and designed to offer effective cleaning without scratching the surface of your car.

**Piece | 40021015**

**Handsprayer XXL Super Pro 1l Trigger**

**Piece | 40035115**

**Handsprayer XXL Super Pro 1l**

Handsprayer with Viton seal, that includes the world's only double action spray head for a constant, fine spray with minimal effort. Comes with a 360 degree capability. Spray at any angle, even upside-down.

**Piece | 40035015**

**Manual Spray Bottle 500ml**

500ml Handsprayer, same bottle and trigger as of products in shop range e.g. Cockpit Premium

**Piece | 40031015**

**Pump Atomizer 1,5l Alkaline**

Comes with a directional and adjustable nozzle tip, EPDM seals, a base rim for stability and protection, and visible strip to check fluid level. Includes a built-in safety valve operational in excess of 3 bar.

**Piece | 40037115**

**Pump Atomizer 1,5l Acid**

The seals and coated metal parts on this sprayer have been chosen for their compatibility with the harshest of chemicals. Comes complete with Viton seals.

**Piece | 40037015**

**Pump Atomizer 1,5l Solvent**

Pump Atomizer that comes complete with Viton seals and a polyamide pump barrel for the most effective resistance to solvent based products.

**Piece | 40036015**

**Pump Atomizer 12l**

Compact sprayer with pump-up action, 50cm spray lance and selection of nozzle tips. Comes with Viton seal, carrying strap, pressure gauge and 3 different spray tips. Dimensions: 235 x 235 x 730mm

**Piece | 40039015**

**Pump Atomizer 6l**

Features: see Pump Atomizer 12l. Dimensions: 235 x 235 x 700mm

**Piece | 40038015**

**Glass Scraper**

5 replacement blades are included, great for taking stickers off mirrors, glass and more.

**Piece | 40015015**

**Cleaning Gun Twister**

Air cleaning gun with dispenser. Uses high-pressure air for dusting, or with cleaning liquid in the dispenser for cleaning. The „tornado effect“ releases dirt particles with great force from the surface to be treated. Perfect for cleaning car interiors, dashboards, ventilation ducts, car seat tracks, the gear box and hand brake. Astonishing results on car seat covers and carpets.

**Piece | 40138315**

**Clay Bar Fine**

200gr, blue. Non-abrasive product that will remove deposits from surfaces. With the Clay Bar Fine, the removal of severe paint stains is effortless. Surface irregularities are gently smoothed out and the paintwork is properly prepared for polishing or for a sealant paint.

**Piece | 40040015**

**Polishing Pad No 1 Cutting**

160 x 30mm foam pad with cooling hole. Polishing Pad No 1 is great for major paint defect remediation, including scratch reduction and removal of heavy oxidation. Recommended for use in conjunction with SF 1 Extreme Cut and No 1 Clean & Polish.

**Piece | 40092515**

**Polishing Pad Lambswool 80mm**

100% Twisted Lambswool Polishing Pad. This top-quality twisted heavy cut wool pad produces incredible fast and consistent results. Recommended for use in conjunction with SF 1 Extreme Cut.

**Piece | 40090215**

**Polishing Pad Lambswool 130mm**

100% Twisted Lambswool Polishing Pad. This top-quality twisted heavy cut wool pad produces incredible fast and consistent results. Recommended for use in conjunction with SF 1 Extreme Cut.

**Piece | 40090115**

**Polishing Pad Lambswool 150mm**

100% Twisted Lambswool Polishing Pad. This top-quality twisted heavy cut wool pad produces incredible fast and consistent results. Recommended for use in conjunction with SF 1 Extreme Cut.

**Piece | 40090015**

**Polishing Pad No 2 Medium**

160 x 30mm foam pad with cooling hole. Polishing pad for light paint correction and polishing. Excellent for removal of minor paint defects. Recommended for use in conjunction with SF 2 High Gloss Finish, No 2 One Step Polish and No 3 Polish & Wax.

**Piece | 40092015**

**Polishing Pad No 3 Finish**

160 x 30mm waffle foam pad with cooling hole. Polishing Pad for final finishing and wax/sealant application. Recommended for use in conjunction with SF 3 Premium Protect, No 3 Polish & Wax and No 4 Hartglanz.

**Piece | 40093015**

**Polishing Pad Cutting Karopad**

160x25mm foam pad. Firm, high density foam for scratch and defect removal. Use this pad as a paint correction pad that will work on hard paints or weathered, scratched clear coat. Recommended for use in conjunction with SF 1 Extreme Cut and No 1 Clean & Polish.

**Piece | 40091015**

**Microfiber Glassy Profi**

40x40cm, individually packaged. Low pile towel that is great for cleaning windows and mirrors, polishing chrome, glass and metals. This microfiber works exceptionally well for windows and mirrors around the house.

**Piece | 40086515**

**Microfiber Professional**

40x 40cm, 280GSM, individually packaged. Super fine cleaning cloth for all surfaces inside and outside. High water and dirt absorption capacity. Absolutely lint-free. Long life expectancy (up to 250 wash cycles)

**Piece | 40084015**

**Microfiber Magic Interior**

40x 40cm, 320GSM, comes in pack of 5. Perfect combination of weight, size, absorbency and cleaning ability. Universal to use. Machine washable and dryer safe, will last hundreds of washings.

**Pack | 40087015**

**Microfiber Magic Exterior**

40x 40cm, 400GSM, edgeless, comes in pack of 5. The microfiber polishing cloth has a soft touch and non-stitched edge, making it safe for use on the most delicate clearcoat surfaces. Even the thickest paste waxes will be easily removed with this microfiber buffing towel without caking.

**Pack of 5 | 40088015**

**Microfiber High Gloss Deluxe**

40x 40cm, 600GSM. Super soft and ultra fluffy microfiber car wash cloth that is great for waterless car wash and quick detailing sprays. The high pile on this microfiber washcloth pulls dirt away from the surface so that it will not scratch. Duo Plush, high pile double sided towels.

**Piece | 40086015**

**Car Wash Sponge**

Fine pored super absorbent sponge. Made from natural ingredients.

**Piece | 41241515**

**Sponge for solvent based products**

Special sponge for use with water, acrylic and solvent based products. Made to be much denser than other sponges so that it will hold the maximum amount of product for faster application.

**Piece | 41241015**

**Multi Purpose Sponge**

130 x 80 x 45mm. Combination makes for a highly effective grout sponge that has some extra scrubbing power, when needed. Many applicators find the white scrubbing pad helpful if grout dries a little too hard on the surface.

**Piece | 41240615**

**Hand Wash Paste**

An easy to dissolve paste for gentle cleaning of heavily soiled or greases-stained hands. For use in all hard water an anti-limescale product is added. Hand-Wash Paste-contains no abrasive wood shavings or sand. Dermatologically tested. Silicone-free.

**10l | 91331015**

**Tissues**

500 sheets, 3-layer, blue, comes in pack of 2. Unbeatable cleaning effect due to micro-toothing of the surface structure. Due to its tear-resistance, no fluffing and extreme absorbency the ideal paper to clean glass. Environmental friendly by using recycled paper.

**Piece | 47101015**

**Cleaning Bucket 15l**

Made of strong ABS plastic with a capacity of 15 liters, practical for professional vehicle washing.

**Piece | 40010015**

**Spigot for 5 / 10l and 25l**

Special plastic drain tap suitable for all 5/10 or 25 liters canister. It is equipped with a rotary lock to prevent spillage.

**5l/10l Piece | 40133015**  
**25l Piece | 40134015**

**Barrel Pump basic**

It is suitable for cans of 20 liters up to 200-liter barrels. The red pump is provided with a barrel adapter with 2" thread. For plastic barrels and cans, adapters are available. The hand pump was designed as a siphon pump and is suited for all neutral and slightly aggressive media.

**Piece | 40137015**

**Barrel Pump extra**

Yellow pump suitable for almost all liquids of low viscosity, such as acids, alkaline solutions and water-based chemicals.

**Piece | 40137115**

**Dosing Device Accudose**

The device complies with the requirements of the European Water Authorities (ED1717) and allows an efficient mix thanks to the 14 different dosing nozzles. The Accudose is connected directly to the water tap and works without power and compressed air.

**Piece | 40138015**

# Products for Automatic Wash

For brilliant washing and drying results with the highest environmental sustainability and cost-effectiveness, you need more than just leading product quality. The benefits for our customers include:

- precise adjustment of the plant in relation to application/consumption of products
- Analysis of water quality, for fresh water and service water
- Economic/functional orientation of separators/processing plants
- Reduction of water and wastewater costs
- Technical recording and advice on plant technology
- Organizational aids
- Support for sales promotions for customer retention
- Help to comply with legal requirements, e.g. "BioStoff" biological agents regulations

## Combi Series

1

### Combi Pre-Cleaner

Advanced, powerful, alkaline cleaning concentrate. The efficient combination of non-ionic and amphoteric tensides reliably removes insects, bird droppings, road grime and fuel residues from overfilling. All of the tensides used are highly biodegradable and environmentally neutral in wastewater treatment. This guarantees a high process water recycling rate and therefore reduces costs. Compatible with biological water treatment plants. Silicone-free.

25l | 91565015  
200l | 91565515

2

### Combi Fragrance Foam

A universal foam for all car washes and portable washing systems. A special brush lubrication additive protects vehicle coatings and keeps the textile brush materials clean and lubricated. The unique, highly specific fragrance composition results in a pleasant fresh odor in all systems. Combi Fragrance Foam is pH-neutral. The amphoteric tensides guarantee high-performance foam, even in hard water. Reduced surfactant characteristics were chosen on purpose in order to guarantee fast, complete rinsing. Compatible with biological water treatment plants. Silicone-free.

25l | 91863015  
200l | 91864015

3

### Combi Active Shampoo

Phosphate free shampoo with a fresh scent and anti-scale formula. Combi Active Shampoo is a highly concentrated shampoo with ultimate cleaning power; easily dissolves dirt and grease. The product rinses easily and produces a brilliant shine on all smooth surfaces. Compatible with biological water treatment plants. Silicone-free.

25l | 91873015  
200l | 91874015

4

### Combi Dryer

A fast, powerful drying agent based on advanced, cationic tensides, universal in application for all car washes and portable systems. An absolutely reliable drying agent with measurable high gloss. The high-quality care components give coatings a long-lasting, clearly visible shine and all around vehicle protection. Compatible with biological water treatment plants. Silicone-free.

25l | 91883015  
200l | 91884015

5

### Combi Protection

High-end drying agent that maintains surface gloss and removes scratches with a water repelling Lotus effect. Can be used as a foam and hot preservative. Also perfect for self-service washing bays. Compatible with biological water treatment plants. Silicone-free.

25l | 91095015  
200l | 91894015

# Lotus Ultra Series

1

## Lotus Ultra ISF Pre-Cleaner

With its new dirt-fighting formula, Lotus Ultra ISF Pre-Cleaner is the perfect choice as a pre-treatment for car wash plants. Thanks to the use of new high-performance dispersants, dirt is easily wiped off, giving you easy-to-clean results. Compatible with biological water treatment plants. Silicone-free.

10l | 90091515  
25l | 90092015  
200l | 90093015

2

## Lotus Ultra Power Foam

Low alkaline, extremely high-foaming cleaning concentrate on the basis of anionic and amphoteric tensides for car washes, portal systems and self-service washing bays. Compatible with biological water treatment plants. Also suitable for the application with a foam gun as well as for hand washing. When used with a foam cannon, Lotus Ultra Power Foam produces a thick, rich foam that encapsulates dirt and safely rinses it away from the vehicle surface for a scratch-free, brilliant finish. Silicone-free.

1l | 91100115  
25l | 91102015  
200l | 91103015

3

## Lotus Ultra High Gloss Shampoo

Highly concentrated shampoo with exceptional cleaning power, which acts as a high-power dirt and grease solvent. Proven by its outstanding wash results, Lotus Ultra High Gloss Shampoo prolongs the life and cleanliness of soft cloth, textile and microfiber cloths and brushes at car-wash plants with its self-cleaning action. Compatible with biological water treatment plants. Silicone-free.

25l | 90622015  
200l | 90623015

5

## Lotus Ultra Glanzwax

Special wax based on cationic surfactants as well as self-connecting care components. Long-lasting wax with brilliant deep gloss, as hot or foam wax. Compatible with biological water treatment plants. Silicone-free.

25l | 91132015  
200l | 91133015

5+

## Lotus Ultra Superwax

Special drying aid that uses self-crosslinking conditioners, the new formula dries without micro beading and produces an excellent and innovative gloss. This leads to a natural repellent effect achieving a long-lasting all-around protection of the bodywork from the effects of weathering and the environment results. Compatible with biological water treatment plants. Silicone-free.

25l | 91442015  
200l | 91443015

3+

## Lotus Ultra Effect

Special mildly acidic foam to prepare effectively the drying process. Lotus Ultra Effect can be used as commercial vehicle runoff dryer, as a foam polish, as well as an acidic brush shampoo. Lotus Ultra Effect prolongs the life of textile cloths and brushes. Compatible with biological water treatment plants. Silicone-free.

25l | 91552015  
200l | 91553015

3+

## Lotus Ultra High Gloss Foaming Polish

Hydrocarbon-free micro foam polish. The product protects the finish, through the addition of self-crosslinking micro-polymers, a water repelling Lotus effect is produced. This leads to a natural repellent effect achieving a long-lasting all-around protection of the bodywork. Suitable for all tunnel and rollover systems with foam nozzles or foam generators. Compatible with biological water treatment plants. Silicone-free.

25l | 91422015  
200l | 91423015

4

## Lotus Ultra High Gloss Drying Agent

Innovative high-performance drying aid based on cationic surfactants, by means of modern, high-quality conditioners. The new formula aids drying without micro beading and produces an excellent gloss in all automatic and self-service car wash systems. Because no silicone is present, there is no need to finish car panels afterwards. Lotus Ultra High Gloss Drying Agent proves its performance especially in problematic systems with difficult water values. With

very soft water a perfect drying result is achieved. The spontaneous, large-scale tear reduces microbead formation in hard water. Compatible with biological water treatment plants. Silicone-free.

25l | 91322015  
200l | 91323015

5+

## Lotus Ultra 3D-Protect Exclusive

Deep gloss protection, coating repair with Lotus water repelling effect, high-end dryer, foam and hot preservative. Also ideal for self-service wash bays. Compatible with biological water treatment plants. Silicone-free.

25l | 91092015  
200l | 91093015

# Water Treatment

## Tresan TR 35

Service water disinfectant and excellent surface disinfectant. Highly effective sterilizing agent for industrial water based on stabilized hydrogen peroxide stabilized with silver ions. On disinfected areas, the silver ions provide a sustained depot effect. Tresan TR 35 is free of formaldehyde or formaldehyde residue. Silicone-free.

25l | 91620515

## pH-Regulator Alkaline

Contains a special tenside-free low carbonate and low sulfate lye to optimize the pH of acidic service water and sewage. pH-Regulator is indispensable when using acidic flocculants and precipitating agents. Can be used with any level of water hardness without loss of effectiveness. Silicone-free.

25l | 91612015  
200l | 91613015

## Duo-Flock

The broad-band flocculant with a wide pH range effectiveness of pH 7.0-10. A multi-component preparation for extensive elimination of dirt, grease and oil particles from used water. Also removes oil-emulsifying tensides and reduces the contaminant values of the used water considerably. Areas of application: water recycling systems in roll-over, brush and tunnel car wash systems and other automated cleaning systems. Silicone-free.

25l | 91752015

# Other Products

## Clean Dry & Shine

Mild alkaline, low-foaming detergent with hydrophobic effect, that consistently removes oil, animal and vegetable fats, insects, dirt, protein and micro dust. Suitable for manual car, truck and train wash. If used frequently it creates an extreme gloss and leaves a film that protects against re-pollution („easy to clean“ effect). Prevents calcification and therefore leads to a spotless drying finish. Silicone-free.

25l | 90282015  
200l | 90283015

## Car Wash Powder Foam-Max

Innovative, high-alkaline pre-cleaner, specially designed for self-service wash systems with powder dosing device. The special features of Car Wash Powder Foam-Max are the excellent foaming properties and very good cleaning action. In addition to that Car Wash Powder Foam-Max has a significantly improved solubility, even at low temperatures. Silicone-free.

25kg | 91216215

## Acidopoon

Acidic shampoo with proton activator to accelerate drying. Specially designed for automatic car washes with service water recycling. Acidopoon provides outstanding drying results in roll-over and tunnel systems using recycled water or highly alkaline pre-cleaners. Acidopoon impresses with its excellent washing result and extends the service life of the brushes and textile flaps due to its self-cleaning effect. Silicone-free.

25l | 91542015  
200l | 91543015

## Shampoo 730

Highly concentrated shampoo with the greatest cleaning effect, removes dirt and grease. It is pre-destined for use in water recycling plants of automatic car washing facilities. It is easy to rinse off and gives a radiant shine to all smooth surfaces. Shampoo 730 contains a brush lubricant that keeps washing brushes cleaner, longer. Compatible with biological water treatment plants. Silicone-free.

25l | 91360515  
200l | 91362015

## Rapid Wax Drying Agent

Highly effective drying agent with innovative shine action. Guarantees fast and easy drying with spontaneous and large-scale bubbling rinse effect. Also apt for problem systems with a small bubbling rinse area or high conveyor speeds. Very suitable for biological water treatment plants. Silicone-free.

25l | 91311015  
200l | 91311515

## PolTEC

A polymer-based car wash gloss agent and highly effective soft polish for scratch-free deep care of automobile coatings. Guaranteed better smoothness and shine, thanks to the novel multi flex system, even on older coatings. Prevents grey film even when used with hard water. Very suitable for biological water treatment plants. Silicone-free.

25l | 91722015

# nextzett: Innovation from Tradition

Thanks to our history, the „nextzett“ brand enables us to combine the dynamism and innovative strength of a start-up with the experience and tradition of a company that has long been established and respected on the market to form a powerful unit. The fact that we are taking this step at a time marked by numerous attempts to set the course for individual transport in the future and to redefine environmental and transport policy framework conditions creates additional tension - but it also opens up many opportunities for us to prove ourselves as a technology leader in this market.

We work daily to offer our customers a methodically structured premium range of products and to consistently develop it further. Vehicle cleaning and care is not only about creating an exceptional visual appearance of a vehicle, but also about the preserving the value of the vehicle.

We meet this demand of our customers. Thanks to over 80 years of experience with our „einzett“ brand, we can modify products that have been tried and tested countless times to new needs and conditions or develop completely new solutions from scratch.

Our international network and close customer relations allow us to remain nimble and react quickly to new challenges and to produce solutions for new and better niche and special products at short notice with our development know-how.

Following tradition, nextzett is an active company operating world-wide with a growing market share, especially in the field of professional commercial vehicle cleaning. The partnership with BHB, one of the leading manufacturers in the field of automatic washing systems for rail vehicles, commercial vehicles and buses, gives us the opportunity to offer our customers optimum technical support in the field of service and adjustment of washing

systems. We are not only a supplier of an extensive range of washing and care chemicals for passenger cars and commercial vehicles, but also a competent partner for technology and waste water treatment. We offer the entire spectrum of washing and water treatment chemicals for car portal systems, self-service car washes, car wash plants, truck washes, underground and tram washes up to ICE train washes.

Both professional use and all types of washing systems require the best possible balance between cleaning performance, cost-effectiveness, material compatibility and compliance within environmental regulations.

We guarantee quality beyond our products. Optimum cleaning and care results are achieved when a perfect combination of the individual products is tailored to our customer's needs. The fine tuning and precise adjustment to the special conditions of your car wash makes the difference.

Our comprehensively trained employees support you in all questions of chemistry, water treatment and technology as well as marketing.

Perfectly tailored solutions offer you the precise results for every cleaning task. Our high-quality formulations prevent the formation of streaks. A virtually micro-bead-free drying as well as excellent, gloss giving components provide an unmatched, visible and measurable gloss level.

High concentrations ensure maximum efficiency. In addition, most of our formulations impress with their safety to health. nextzett products not only protect the vehicle materials but also your car wash.
